Conditions request form

- By completing and returning this form, you consent to the use of this account information data by MRDM
- The purpose for using this account information is limited to communication around participation in the ICHOM Global Benchmark for which there is a legal agreement between your organization and MRDM.
- The persons known through this document can at any time submit a request to the Service Desk for rectification, deletion and retrieval of the account information known to us.
- Account information will not be further distributed to third parties and will be stored at MRDM to the extent that there is legal agreement between your organization and MRDM.
- MRDM is ISO 27001:2013 and NEN 7510:2011 certified and thus guarantees the secure processing of personal data.
- The information you find in the benchmarking dashboard is confidential and only for internal usage. MRDM is not liable for any users sharing data outside of the benchmarking dashboard.
